

ELECTIONS ARE TAKING PLACE

Many Cities Casting Their Ballots On Various
Subjects This Afternoon.

CHICAGO A STORM CENTER TODAY

Several States Hold Municipal Elections--Weather Is
Reported Fine In All Of Them--Vote
Is Light.

[BY ASSOCIATED PRESS.]
Chicago, April 2.—Not in many years has there been held in Chicago a municipal election so important and far-reaching in its effects as that which began this morning and will close at four o'clock this afternoon. Besides the election of city officers, the people will decide the street-car question which has kept the city in agitation for the past ten years. Municipal elections are being held in Wisconsin, Colorado, Kansas, Nebraska, Missouri, Oklahoma and Indian Territory. In Wisconsin a justice of the supreme court is also being voted for. Bright, clear weather prevails throughout these states, which augurs

a full poll. The party lines are not as a rule closely drawn. The issues generally are local, that concerning license or no license predominating. Numerous reports were received during the early part of the day by the election commissioners, of trouble throughout the city. In the 24th precinct of the first ward a policeman stationed himself at the polling place and refused to allow anybody to vote unless he was assured they would vote "right." He was arrested. In Montana, Butte, Mont., April 2.—Joseph Corbin, a republican, was yesterday elected mayor by a plurality of 300. The democrats carried Great Falls.

Custody of the elder child was given the father, while the mother is to retain the younger one and is to have \$3.50 a week from her former husband for the infant's support. Judge Grimm departed on the noon train for Jefferson where he will cast his vote, returning to resume court business tomorrow. A new divorce action has been brought by Anna Martin of Beloit against her husband, Nicholas Martin. Desertion is the charge preferred.

Tombs Physician Testified He Thinks
Thaw Is Perfectly Sane
Today.

[BY ASSOCIATED PRESS.]
New York, April 2.—Dr. Frank A. McGuire, the Tombs physician, was the first witness called before the Thaw lunacy commission today. Dr. McGuire testified he had a talk with the prisoner every day since the trial began and had never seen him do or heard him say anything irrational and his talk was very sensible. Hamilton testified in his opinion Thaw was not capable to understand the nature of the charges against him, or of rationally advising his counsel. Hamilton said Thaw suffers from a chronic delusional insanity—otherwise known as paranoia. Michael Delahanty and Franklin J. Sheridan, prison guards; Mrs. Emily S. Walker, a probational officer; Rev. John Armstrong Wade, an Episcopalian chaplain at the Tombs, and Rev. Luke J. Evans, who conducts the Roman Catholic services in the Tombs, all testified that since the trial began Thaw had acted rational both in manner and speech. Jerome asked Wade if the first conversation he had with Thaw after his arrest was rational or irrational. "His con-

The result of the republican primary in the fifth congressional district is still somewhat in doubt today, although the returns counted up to noon indicate that State Republican Chairman Diekmann has been nominated by a small majority to run at a special election to elect a successor to William Alden Smith in congress. The majority of the republican state ticket will be in the neighborhood of 75,000.

Dr. Maitland Armstrong, a reception was held at the McCook home. ROOSEVELT ON RAILROADS AND LAWS THAT ARE MADE

President Does Not Believe In Restrictions
That Would Be Injurious To The
Roads.

[SPECIAL TO THE GAZETTE.]

Washington, D. C., April 2.—President Roosevelt has decided not to accept the invitation of the Illinois Manufacturers' association to deliver a speech at Springfield, Ill., on the situation. He addressed a letter yesterday to C. H. Smith, president of the association, stating that it would be impossible for him to accept their invitation, extended last week, because he did not feel that he had anything to say at this time in a special address on this special subject.

Many Requests.
The President has received a great number of requests for a statement by him, or a speech to be made by him in connection with the railway situation. He has given these requests the utmost weight, and most careful consideration. After fully looking into the matter the President informed his advisers that he had come to the conclusion that there was nothing now which he had to say at this moment on the railway situation, or proper to say anything with a view to any immediate situation in Wall street and that as he should only give expression to the definite and settled policy to be carried out wholly with regard to the exigencies of the moment and as his views on the policy in question were already a matter of record, it did not seem necessary at this time to repeat them.

His Answer.
To the different men, friendly and unfriendly who have visited him or written to him, he has answered verbally or in writing that his words and acts spoke for themselves and needed no explanations whatever and that he should not in his future course devote one hands-breadth from the course he has pursued in the past and was now pursuing.

On Authority.
The statement was made from an authoritative source today that "even a most cursory examination of what

the President had repeatedly said in speech and in message will show the utter nonsense of supposing that the government has the slightest intention of taking any action which would invalidate the safety and stability of the railroad securities now issued," the whole legislative program of the President having been proclaimed again and again as one to insure the future against the mistakes and delinquencies of the past. The President holds that every executive action taken under his administration, whether by the department of justice or by the interstate commerce commission, has furnished its own ample justification.

No References.
It was pointed out today in administrative circles that the President has made no references in his speeches or messages as to the question of the physical valuation of railroads. His position on this position, it is said, is that the roads themselves will work out this problem as an item of book-keeping and reference was made to the fact that the roads, the Northern Pacific and the Great Northern, already have submitted figures as to their physical valuation.

To Again Speak.
It can be stated on authority that the President again will ask congress at its next session for power to deal with the question of over-capitalization of railroads. A similar request was made at the last session but favorable action was not taken upon it. In his lecture to Mr. Smith the President enclosed copies of the speech he made at Raleigh, N. C., Oct. 19, 1905, and the one he delivered before the delegation of railway employees in this city on Nov. 13, 1905, together with his last messages to congress at the beginning of the first and second sessions of the last congress. The President concludes his letter to Mr. Smith as follows:

All He Could Say.
"You will see in the two speeches and the two messages that I have (Continued on page 3.)"

AGED PHYSICIAN IS DEAD FROM INJURY

Dr. Spillman of Edgerton Passed
Away Last Evening at Age of
Eighty-seven.

[SPECIAL TO THE GAZETTE.]
Edgerton, Wis., April 2.—Dr. Henry W. Spillman, one of the oldest physicians in Wisconsin, died at his home here last evening from the effects of an injury sustained two weeks ago. He fell on the sidewalk, dislocating one hip and had been confined since. His enfeebled physique was unable to stand the strain and death came as a relief to his sufferings. Dr. Spillman was eighty-seven years of age and had resided in Edgerton since the early sixties, having come here from Port Washington. Up till about twenty years ago he was proprietor of a drugstore, and for twenty-seven years actively practiced medicine in and about this city. Dr. Spillman was one of the most prominent residents of the city, being the owner of much business and residence real estate. Among his holdings are the Phoenix block, three store buildings on Front street and four stores on Rollin street. His demise is mourned by a wife and one brother, Thomas Spillman.

LOCAL PARAGRAPHS

That "Broom Brigade." Chief Klein is seriously thinking of organizing a broom brigade to respond to alarms of grass fires. Within the past few weeks several such calls have been sent in and the flames extinguished by the firemen with brooms. An alarm of this nature came in late yesterday afternoon and the grass in a lot at Ravine and Palm streets was found to be burning briskly. It was quickly extinguished by the men with brooms.

Meat Tonight. All members of Harry L. Gifford Camp 23, U. S. W. V., are urged to be present at the special meeting held this evening in the hall at eight o'clock sharp, to make arrangements for the funeral of Comrade James Sherwood. By order of Edw. S. Falter, Commander.

Sure Cures. The following prescription for pneumonia has been handed in to the Gazette office for the benefit of its readers and is printed: "Saturate a cloth large enough to cover the lungs, with kerosene and put it on."

Drunks in Court. In a municipal court this morning Louis Rock was sentenced to spend five days in the county jail and pay a fine and costs amounting to \$6.10, with the alternative of ten additional days. Riley Wells was sent to the bastille for eight days.

Large Trust Deed Filed. There was filed in the office of the register of deeds today a trust deed from the Beloit Traction Co. to the American Trust & Savings bank of Chicago to secure the issue of \$300,000 first mortgage five per cent gold bonds. The deed is signed for the traction company by Joel B. Dow, president, and O. S. Baylies, secretary.

Going to Black River Falls. Black River Falls, not Black Earth as was stated yesterday, is to be the future home of Mr. and Mrs. C. F. Yates. Mr. Yates has purchased the People's Drug Store there and is already on the scene looking over his newly acquired property. Mrs. Yates expects to leave Janesville the first of next week.

ROOSEVELT DECLARES HARRIMAN IS FALSE

Would Call Harriman's Statement
Something Plainer Than an
Untruth Himself.

[BY ASSOCIATED PRESS.]
Washington, D. C., April 2.—President Roosevelt today gave out a statement in reference to the letter of E. H. Harriman published today. He characterized the statement made in the letter that the President had requested Harriman to raise a fund for the republican campaign fund, as a "deliberate willful untruth by rights, it should be characterized by an even stronger and more ugly word."

The Story.
New York, April 2.—A sensation was caused today by the publication of a letter to Sydney Webster, a prominent attorney of this city, signed "E. H. Harriman," in which the latter tells how at President Roosevelt's request he raised two hundred thousand dollars in the campaign of 1904, which helped the republicans carry New York state. Of this amount, Harriman says, he gave fifty thousand dollars himself and he said the agreement was reached with the President before he undertook the task that Dewey should be taken out of the race for senator and given a post abroad, probably ambassador to France. This agreement, the letter says, the President later repudiated.

ALDERMEN WEAR
THE NEW BADGES

DONE IN AZURE WITH A FIELD
OF GOLD.

ONLY SIX AT THE SESSION

Mayor's Appointment of Assistant
Street Commissioner Turned Down
—Uniforms for Park Custodians.

Only six of the present eight city
aldermen were on hand last evening
to assume the regalia of office and
conduct the business of the session.
The new badges are done in gold
plate and blue enamel. An American
Eagle roosts rather uncomfortably on
a scroll bearing the word "Alderman"
and beneath this is a circular
field fenced-in by the words: "Janesville,
Wisconsin." In the center,
properly guarded by a beaded circle,
is a large five-point star. The mayor's
badge is of the same design save
that the word "Mayor" is substituted
for "Alderman." Space is reserved
at the base of the badge for the initials
of the owners, but as they are to
be passed on from generation to
generation, it is hardly likely that
the blanks will ever be filled. The
badges cost \$2 each, wholesale, and
appear to be worth the money. Aldermen
Dullin and Fisher were the only
sentences and other vacant seats to
be filled with those of former Aldermen
Rudolph and Watt, made the circle
seem something of a struggling
remnant.

Uniforms for Park Custodians.
Alderman Carl Brodtkorb is a firm
believer not only in the City Beautiful
but also in the Citizen Beautiful.
He would have public playgrounds
for the children, beautiful
flowers and elaborate statuary in the
parks, and every official of the com-
munity attired in and dignified by
a uniform to distinguish him from
common mortals. Symmetry is to the
eye what rhythm is to the ear, and in
the uniform only is there sym-
metry. After securing the passage
last evening of orders providing for
the immediate purchase of 24 young
rock-elm trees for the parks and cups
for the several drinking fountains,
and directing Thomas Croft and Wil-
liam Fathers to commence at once
their duties as custodians of Janesville's
public playgrounds, the aldermen
from the Third advanced a
measure describing and stipulating
uniforms for the two officials. By the
terms of this order they are directed
to wear suits of light gray ducking
overall and blouse and a helmet or
cap to match the same, and are en-
dowed with the prerogatives of special
police officers without pay. The
measure was passed without opposition
and goes into effect at once.

Numerous Petitions Received.
Fourteen property-owners presented
a petition praying that the section
of Terrace street lying between the
Ravine street and Mineral Point ave-
nue intersections be improved with a
cement curb and gutter. On motion
the petition was accepted and placed
on file. Chairman Sheridan of the
highway committee asked for and was
granted further time for the consid-
eration of the protest from a majority
of the owners of property abutting
on Madison street, between Ravine
and Bluff streets, against the grading,
macadamizing, and laying of curbs
on that thoroughfare. The same privi-
lege was extended to Ald. Mager of
the sewer committee with regard to
a protest from Lincoln street prop-
erty-owners against the laying of a
sewer on that highway until the
Western avenue main sewer should
be completed, it being set forth that
even a temporary discharge into the
marsh would create a nuisance and
endanger the health of the matter
action, beyond referring the matter
to Ald. Birchard, was taken with re-
gard to the petition from 20 members
of the Janesville Power Boat Club
asking for the privilege of building
a dock on Rock river at the foot of
North Fifth street.

Plan for Re-Numbering City.
City Engineer Kerch filed a grade
for Racine street and the same was
accepted. He was directed by an or-
der to prepare one for Terrace street
from W. Bluff to Washington street.
The same official submitted a map
and plan for re-numbering the city
in accordance with the recommen-
dations of the special committee con-
sisting of himself and Aldermen Fish
and Connell. The plan is a modifica-
tion of the Philadelphia system, one
hundred numbers being assigned to
each block, but a greater or lesser
number being assigned where it is
necessary, owing to broken or irregu-
lar arrangements, to make alterations
in order to maintain the range or
alterment of individual numbers. It
is the idea, so far as possible, to have
the figures so lined that between par-
allel streets the range of blocks will
have the same numbers. The detail
of individual numbers has not been
worked out and the city engineer re-
commended that an atlas map on the
scale of 80 feet to the inch be pre-
pared for this purpose. The report
and recommendations were adopted.
By the passage of an order intro-
duced by Ald. Connell the city engineer
was authorized to secure such assist-
ance as he should deem necessary
for the ensuing year.

years old and not able to eat or walk
and was cross and sickly," says Mrs.
Dwyer, of 22 Strong Place, Cohoes, N.
Y. "The doctor did not seem to be
able to help her. Finally a friend re-
commended Father John's Medicine
and after taking it, Mary began to im-
prove. That was two years ago. Now
she eats heartily and seems stronger
than ordinary children and is good-
natured." The change is due entirely
to Father John's Medicine. "That won-
derful remedy" having done so much
for the baby caused Mrs. Dwyer to
take it and she thinks there is nothing
like Father John's Medicine."

March, showing that orders drawn
aggregated \$8,025.44, was received
and placed on file. The board's re-
quest that the money raised two
years ago under the ordinance to pre-
vent dogs running at large and
amounting to about \$650, be turned
over to the school fund, was referred
to the finance committee. Chairman
Connell reported that City Attorney
Maxfield had declared that such a
step would be legal and moved that
the city treasurer be directed to
make the transfer. The motion pre-
vailed.

Further time was granted the ju-
diciary committee for the consideration
of a notice of injury filed by Ryan &
Oestreich in behalf of Katie Trudell
who claims to have been tripped up
March 27 on a defective board side-
walk on the west side of Jackson
street near the intersection of St.
Lawrence avenue.

Mayor Hutchinson again called at-
tention to the deplorable condition
of tar walks on the south side of
West Milwaukee street between River
street and the bridge and also on
South Main street, insisting that
something should be done to bring
the property-owners to task.

Miscellaneous Business.
In a communication from the city
attorney it was set forth that the al-
lowance of \$50 for the preparation
of cases for the circuit court, witness
fees, livery hire, etc., had been ex-
ceeded by the sum of \$10.96. The
clerk was instructed to draw an order
on the treasurer payable from the
general fund to the said official for
the balance due.

The finance committee made its
customary report on bills. Street
Commissioner Bennett was directed
by orders to serve notice on the ow-
ner of lot 15, Mitchell's addition, to
build a standard sidewalk in front of
the property at the intersection of
N. Academy and Madison streets, and
to clean the gutters on N. Bluff
street between Fourth avenue and
Glen street.

Appointment Not Confirmed.
Just before adjournment, Mayor
Hutchinson announced that he would
appoint William W. Willis as assist-
ant street-commissioner. A few mo-
ments of ominous silence followed,
and then somebody moved to adjourn.
It is understood that sometime prior
to the meeting His Honor had sug-
gested Thos. McKone and others and
had been warned that none of his
nominees would be accepted. The
idea seems to prevail that this mat-
ter should go over to the next ad-
ministration.

WEST SIDE OPENED
WITH A FINE BILL

Vaudeville House Began Short Season
Under Auspicious
Circumstances.

With an audience which packed the
building to the doors, the West Side
Vaudeville House opened its season last
evening. The program opened with
a motion picture show, followed by
Miss Hardie Langdon, who rendered
several selections in a full, sweet
contralto. Hammond and Forrester
did a clever comedy sketch and the
Trolley Car Trio proved to be a de-
cided hit. Miss Maud MacDonald
in the illustrated songs pleased the
audience with her sweet voice, and
the evening's entertainment closed
with more moving pictures. Three
performances are given daily, at 8
in the afternoon, and 7:30 and 9 in
the evening.

CHARITY BALL WILL
BE MOST SUCCESSFUL

Dance on Wednesday Evening Prom-
ises to Be One of the Largest
and Best Ever Held.

Wednesday evening's dance, the
Charity Ball, promises to be one of
the largest and best dances ever held
in the city. The arrangement com-
mittee have been working hard to
make the affair successful and the
hall will be most tastefully decorated
for the occasion. The sale of tickets
is progressing rapidly and it is
expected that many who have not al-
ready purchased will do so at once
to swell the receipts which will be
handed to the Sisters of Mercy.

ELECTED VESTRY AT

Meeting Monday.

At the annual parish meeting of
Christ Church on Easter Monday the
following officers were elected for the
coming year: Senior Warden, Wil-
liam Ringer; junior warden, J. M.
Dostwick; vestrymen—J. M. Dost-
wick, George H. Smith, J. L. Dost-
wick, W. P. Styles, N. L. Carle, Wil-
liam Ringer, Jr., and W. J. Skelly.
The collection for Easter, which is
to go towards the purchase of new
pews for the church, amounted to
\$500.

TWO PARTIES GIVEN
ON MONDAY EVENING

Unique Club and the Mystic Workers
of the World Held Easter
Monday Parties.

Eastern Monday saw two delightful
dancing parties. At Assembly Hall
the Unique club entertained their
friends and at the East Side Odd Fel-
lows' hall the Mystic Workers of the
World held their annual mask ball.
At Assembly Hall a hundred and fifty
couples danced, the spacious hall be-
ing tastefully decorated for the oc-
casion. Large streamers of evergreen,
were draped most tastefully with
smilax and white chrysanthemums.
Mirrors and tasteful arrangement of
flowers added to the scene. The
Knott and Hatch's orchestra furnished
the dance music. The party was in
charge of E. E. Clemens, Morris Dal-
brook, Andrew Hagen, Richard McKew-
en, William Murphy and Earl
Brooks. The decorations used will
be left by the club to grace the Char-
ity Ball which will be held on Wed-
nesday evening in the same hall. At
the Mystic Workers of the World
dance over a hundred couples in gay
costumes from the stately knight to
the beggar of the Happy Holligan
type formed a merry and pretty pic-
ture. Refreshments were served and
excellent music and a delightful time
was enjoyed.

Charles Shaler, attired in the cos-
tume of a colored soldier of fortune,
was awarded the first prize for comic
costumes; and Mrs. Marvin as a
peasant from the coast of Brittany
was awarded the second. Mrs. Drick-
son as a Swiss maiden won the first
prize for character costumes and Mrs.
Collingsworth as a Highland lassie,
won the second. Mr. and Mrs. W. L.
White and little child were in the
garb of an Indian chieftain, squaw,
and baby and were presumably
excluded from the competition owing
to the fact that Mr. White belongs
to the lodge. The judges were H. R.
Williams of Chicago, Mrs. Mary Ad-
ams of East St. Louis, John Col-
lingsworth, David Brown, and Miss
Mosher. The arrangements commit-
tee was composed of G. W. Jones,
John H. Harkley, H. A. Laymon, J. P.
Haumlerland, and Charles Larson.

Assistance Desired.

"I suppose you sent your boy to col-
lege in the hope he would make his
mark?" "Partly that," answered Farmer
Comstock. "And, besides, I thought
it'd be a good idea to hire some
professors to help me do the worry-
ing about his future."

What? Knockers in Old Fondy?
Fond-du Lac Commonwealth: The
agitator has been busy with his ham-
mer, and Fond du Lac is called upon
to pay the price of the injury wrought
in a general feeling of distrust and
dissatisfaction. The time is at hand
when the interests of Fond du Lac de-
mand that this situation be changed.
The knocker, who has been able to
destroy, has been unable to build any-
thing in the place of that which has
been destroyed, and it is high time
that the evil should be remedied. Fond
du Lac wants boosters, not knockers;
it wants co-operation, not agitation;
progress, not retrogression.

WISCONSIN WEATHER FORECAST

Partly cloudy tonight and Wednesday warmer in south tonight.

BOOM THE ROADS.

Now is the time to boom the roads. That is, to see that the roads are put in good condition. A farmer will not drive to town over a bad road, full of holes and ruts, when he can drive the other way over a good road. He will prefer to do his trading where he can go without danger to his team and wagon. Boom the roads. Make every road leading to Janesville so good that the farmers will not think of going anywhere else. Before the roads were built there were government roads. The middle west was settled by the old turnpike through the Cumberland Gap. Roads have played an important part in the history of the world. The old Romans saw their value and wherever they went they built roads. The Indians had no roads, but trails. Hard and firm, they led east and west, north and south. Indian runners could travel over them for days without discomfort. Our early pioneers first looked to their roads. They were their means of travel and good roads meant much to the little community in the woods. Since the installation of the steam and electric roads the good old-fashioned driving road has been neglected. New York State is a pioneer in making its country roads as good as its city streets. The results are seen immediately in the prosperous communities. Good roads make good business and Janesville should do its share to make the roads leading to it as good as can be. Illinois has suggested the use of the split log for grading soft roads and its results are marvelous. Spring is the time to form the roads for the coming year and the farmers and citizens should be alive to the necessity of the work.

ELECTION DAY

While Chicago is just closing one of the most spectacular campaigns in its history, a campaign filled with filth and mud-slinging, Janesville has, since primary day, settled down to a quietude that is only broken by the aldermanic contests in two wards, the second and fourth, and fights on the short-term justice and city clerk. Mr. Heddles won his victory on primary day and the contests for aldermen in the third, fifth and first wards were settled at that time. It is safe to predict that the vote today will be very small compared with the vote of two weeks ago. However, there will be enough to cause some excitement and it is expected that the results will justify the exertion some of the voters will make to cast their ballot.

ARE ALARMED

It is a strange thing in this senatorial fight how alarmed the friends of the different candidates are for their respective leaders. The papers throughout the state have taken sides in the battle royal that will be held in Madison this month and are bitter partisans for their respective choices. They forget that any other man than their own favorite son can have any possible right to the office. They are for Stephenson, for Lenroot, for Hutten, for Cooper or for Davidson for some one else from first to last. The respective merits of the men are not considered. Their fitness for the office not discussed. They are for those men and they resent anything said against them. It is a situation that deserves but little attention. From appearances at Madison the next Senator will be chosen not for his qualifications, but because he has been a radical of the radicals, nothing more.

THAT CANAL

"We'll dig it or bust!" is the patriotic observation of Speaker Cannon after viewing the isthmian canal at close range, says the Chicago Chronicle. The pronouncement is patriotic even if somewhat tinged with a pale cast of thought. It leaves the impression that Mr. Cannon sees anything but an easy task ahead of us, and that is an impression which gains ground in the minds of people who never have seen the field of operations. The American nation never has undertaken a job that it did not finish, however, and we may set it down as certain that the canal will be dug and that, too, without "busting" us. Nevertheless, it is just as well to realize what we have to confront, since the realization will have to be faced sooner or later.

Mr. Cannon was right. The United States will dig that canal, will wade the waters of the Atlantic with the Pacific, will perfect the dream of Balboa, the first man to cross the isthmus centuries ago. The United States will succeed where others have failed. Vive le canal.

Now that election is over, excitement gone, why not start a Fourth of July celebration? In the past Janesville has entertained and amused thousands on this day and the money they have left in the city has been

much more than has been expended. It helps to advertise the city. Why not start agitation?

When the new council settles down to business it is to be hoped they will select their street commissioner and health officer with care and as regards fitness for the position. Personal feeling in the matter should be laid aside in the best interests of the city as a whole.

If you have not voted yet, cast your ballot for Tallman, for justice of the peace for the short term and Badger for city clerk. Frank Snyder in the second ward deserves your vote for alderman and the fourth ward voters can do no better than elect Mr. Croft.

While it is yet too early for band concerts it is not too early to discuss the placing of a permanent bandstand in the park where concerts may be held—a stand where sufficient light can be obtained and where the people can sit and enjoy the music.

Alderman Brochhaus of the third ward, who retires this spring, has done much during his tenure of office to make the courthouse park a place of beauty. The new fountain on Main street will long stand as a monument to him and the days of the old unsightly pump are no more.

There are many little changes that Mayor-elect Heddles will find to do. He will doubtless wait until thoroughly acquainted with his office, however, before these are accomplished. The people expressed their confidence in him and he will not disappoint them.

The Madison Democrat says nice things about the Gazette. Well, Brother Democrat, no one could say any but nice things about you. You have demonstrated what it is to run a conservative paper in troublesome times with an annoying opponent.

This is an era of spring moving. Strange sights will soon be disclosed and the Laves and Penates of many a family will see daylight again from the loaded van.

Did anyone ever stop to consider that Janesville could be made the leading city of southern Wisconsin by concerted action of its citizens?

If you have not voted yet, be sure and do so before seven. The right to vote is given you under the constitution and should be exerted by every citizen and taxpayer.

Property-owners should begin their spring cleaning at once. Remove all the ashes and winter collection of tin cans.

It is a good move to have the park custodians uniformed. It gives them a badge of authority that even the small boy respects.

Already the new city hospital has begun to show the need of an emergency ward.

So our aldermen are tagged at last. All hail. Here's to the tags, the insignia of office.

Weyauwega Chronicle: Hatten may be elected senator; in fact, we kind of hope he will, but you may bank on this, that if Mr. Hatten had to wait to be elected by those who owe him that much political favor, or by those for whose political advancement he has even turned his hand, it would be long waiting.

Casual Mention—Motive: Peace.

Green Bay Gazette: It is being stated that President Roosevelt has branded Senator La Follette as a preacher of discordant. If it is anticipated thereby to stir up anything in the way of a fight in Wisconsin the expectation is of course doomed to disappointment as the days of harmony have shown themselves to be here.

"Same Old Story"

A patient recently consulted Dr. Richards about needed family work. Had been paying \$10 each for gold crowns and was tired of the burden.

Said had been doing so for social acquaintance, and friendship sake, but couldn't see the use any more of paying twice as much for work as was necessary.

This is the way people look at it. When they think.

And the time most people think is when the bill is presented for payment.

You may have the very best dental work obtainable in the city for \$5 a tooth and you may pay \$10 for the very same if you go blindly along. It's all in.

Where you go for your dentistry.

Will it not pay you to choose the right dentist before you begin the work?

LITTLE INTEREST IS SHOWN TODAY

ELECTION IS PASSING OFF VERY QUIETLY IN ALL THE WARDS.

THE VOTE IS VERY LIGHT

Just About Half the Vote That Was Out Two Weeks Ago Has Been at the Polls.

Today's spring election is passing off very quietly. With the exception of the Second and Fourth wards the vote at one o'clock was about half what it was on primary day two weeks ago. Very few candidates have any carriages or riders out and but little excitement regarding the results is noted. The only contest which appears to be attracting any attention is that of city clerk and the two ward fights in the second and fourth wards.

The Vote

At one o'clock the vote in the different wards was as follows: first—105, primary day—237; second—175, primary day—240; third—108, primary day—104; fourth—120, primary day—108; fifth ward—69, primary day—107. The voting is being done by the machines and the returns should all be in and the results known by eight this evening. While the vote has dropped in the first, third and fifth wards, it is fairly good in the second and fourth, showing that the ward fights are receiving attention.

New Officers

It is safe to say that Stewart B. Heddles is elected. Badger should win re-election as city clerk by a good vote. Dr. S. B. Buckmaster for school commissioner, and both Tallman and Reeder be elected justices, although Hendricks is giving Tallman a hard rub in several localities. In the first ward the alderman will be James W. Clark, republican. George Woodruff, republican, supervisor and commissioner. In the second Frank Snyder, republican, should win for alderman, although John O'Hara, democrat, is polling a heavy vote. Halvor Skavlen, republican, is re-elected supervisor. In this ward is the only real hot contest.

Third and Others

In the third ward Harry W. Brown, republican, is elected alderman for the long term and Fred S. Sheldon, republican, for the short term without opposition. S. M. Smith, republican, is elected school commissioner and Joseph L. Bear, republican, supervisor. In the fourth James E. Croft, the republican candidate, should be elected, although his opponent, Robert J. Poling, a strong vote. Frank M. Britt, democrat, is elected supervisor without any opposition. In the fifth J. J. Dulin for the long term and Arthur Jones, independent democrat, for the short term; Edward Rutherford, supervisor, democrat, and James M. Thayer, democrat, for school commissioner, are all elected without opposition.

FINDS HIS DOG IN CELLAR OF A HOUSE

C. C. MacLean's Valuable Bulldog Was Ten Days in Basement of Deserted House.

Nearly two weeks ago C. C. MacLean lost a valuable bulldog. Search for the animal proved unavailing and until last Sunday afternoon its disappearance was a mystery. The dog wandered from Mr. MacLean's office on North Main street to the Holleran House, adjacent, which had been vacated that day, and in some way fell into the cellar. Children playing near there last Sunday peeked into the cellar and saw the animal nearly crazy with joy and thought it mad. A passerby was told a mad dog was there and upon looking found the animal and recognized it. The poor beast was nearly dead from starvation and very weak, having been without food for ten days. Being a bulldog it did not cry out and howl as other animals might have done.

FIRST CHARITY CASE FOR MERCY HOSPITAL

Emery Phelps, Who Is in the Throes of Delirium, Was Taken Thither This Morning.

This morning the Palmer Memorial Mercy hospital received its first charity case. Emery Phelps, who is in the throes of a delirium resulting from pneumonia, and who was placed, at his own request, in the padded cell at the county jail Sunday morning, was taken thither immediately after Dr. Charles Sutherland, county physician, had ascertained that all was in readiness. Phelps is in such a serious condition that it would be absolutely impossible to control him in his home and the hospital under his new management opened at an opportune time for him as he could scarcely have stood the journey to the county house. There is a little confusion now but before the end of the week everything at the institution will be running in perfect order under the new management of Sister Ignatius. Sister M. Agatha is assistant and Sisters M. Frances, M. Olivia, M. Bernard, and Julia are learning their new duties. Miss Mary Grace Kelly, graduate of the Mercy hospital, Chicago, is in charge of the surgical ward and the training school and the Misses Elizabeth Taylor and Minnie Tew and another student of the profession are under her direction.

There is no light or fuel that will equal gas. Many modern devices for illuminating, cooking and heating purposes make gas safe, practical, convenient and really money saving in every part of one's house, shop, store, office or factory. We like to talk about our fine gas service, either in or in your own home or office. Send us a line and a representative will see you anywhere.

Who Makes the Cigars You Smoke

Perhaps you never thought the matter of very much importance—but considered it enough to know the retailer from whom you bought.

But when you are repeatedly stung with poor cigars you cannot always blame the retailer—that isn't the way to avoid unreliable brands. Because that very same retailer probably carries in stock the best brands of cigars made—if you only ask for them.

You ought to KNOW

When you get a poor cigar—and you don't know who made it—how are you going to avoid the other brands of the same manufacture? Don't you see that there is no way to prevent dishonest or incompetent manufacturers from repeatedly imposing on you by offering you unidentified brands of different names?

is convincing evidence of the improved quality which the Triangle A guarantees. Every box is extra-wrapped in glassine paper to keep the cigars clean, fresh and in perfect smoking condition.

AMERICAN CIGAR COMPANY, Manufacturer

The American Cigar Company stands back of its brands with a responsible guarantee of their quality. We stamp the boxes of our standard brands with our Triangle A merit mark so you can immediately distinguish them wherever you go.

Then we invite you—even urge you—to go to any store and ask for any one of our Triangle A brands—then judge it strictly on its merits in critical comparison with the cigars of any other manufacture sold you at the same price.

Isn't that a square deal?

Do you know any other cigar manufacturer who stands back of his product in the same unmistakable way and on the same responsible basis, with as plain a guarantee of value?

To Measure Natural Gas.

When natural gas was first brought into use in America there seemed to be a general idea that the supply was inexhaustible. It was sold at low rates and usually without measurement. This method encouraged waste in the consumption of gas, and was shortly abandoned by the larger companies. To-day nearly all consumption is sold by measurement. It is believed that the time has now come when it is possible to procure statistics of the quantity of gas consumed, and next year this will be undertaken. The method will give such figures in the future that a more direct knowledge will be obtained of the capacity of gas areas to maintain a commercial supply of gas for a certain number of years.—Iron Age.

HAD. LARGE JOB ON HAND

Stork—Almost Ready to Go Out of Business on One Job.

Entering his humble home, the man was vastly startled to meet the stork coming out, and when he observed that the fabled fowl was sweating at every pore, as being under great stress, a consternation seized him. For he was a poor man, who had already much ado to make both ends meet. Indeed, his hair rose on end, and his voice all but stuck in his jaws. "What are you doing here?" he made shift to gasp, by dint of great effort. "There's a pair of microbes in that pint of milk you bought last night, and I'm having to bring them 14,000,000,000 little ones every two hours," quoth the stork, not in the best of humor. "I declare I don't know what I should do if race suicide had not come in coincidentally with the germ theory." And he hurried on, muttering under his breath, leaving the man much relieved, albeit not a little astonished.

The Real Value

If you have headache or neuralgia you want relief; want it quick. Dr. Miles' Anti-Pain Pills stop the pain in just a few minutes. But their real value lies in the fact that they leave no bad after effects. They do not create nausea or derange the stomach. Nothing can therefore take the place of Anti-Pain Pills for the relief of headache or other pain.

"Dr. Miles' Anti-Pain Pills do all that is claimed for them in curing headache and neuralgia. I was in Burlington and I had a fearful headache; the gentleman of the house said, 'Take one of my wife's Pain Pills,' and I did, and in less than one-half hour I felt as well as ever. I asked the name of these and he said, 'Dr. Miles' Anti-Pain Pills.' I purchased a box, and told my family I had found a great prize—something to cure headache. My three daughters all used them, and I thank you for such a remedy."
